Description	<p>On 26 June 2021 Pallavi engineering college had organized "promoting gender equality". On this awareness program all the female staff and students had participated and discussed points are below</p> <p>Gender sensitization refers to the raising sensitization of gender equality concerns. It helps people in examining their personal attitudes and beliefs and questioning the realities of both sexes. Gender sensitization make people understand the difference between sex and gender, how gender is socially constructed and the stereotypes around gender roles it helps them determine which assumptions in matters of gender are valid and which are stereotyped. Need of gender sensitization is to create awareness among the working professionals about the importance of gender sensitivity in organization. Without being sensitive to the needs of a particular gender, an individual may refrain from understanding the opposite gender. Gender is Socially Learned behavior, based on social expectation from Men & Women. At last the program ended with National Anthem</p>
