ABOUT DEPARTMENT

Vision

Training the students to become well disciplined and knowledgeable in the field of Computer Science and Engineering

Mission

Department mission is to become pioneer in higher learning and research and to produce creative solutions to societal needs. To provide excellence in education, research, public service. The department has full fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate in paper presentations, seminars, workshops and National and International conferences

About The Program

Arduino is a tool for the design and development of embedded computer systems, consisting of a simple open hardware design for a single-board microcontroller, with embedded I/O support and a standard programming language. Arduino hardware is programmed using a Wiring-based language (syntax + libraries), similar to C++ with some simplifications and modifications, and a Processing-based IDE. The workshop will consist of Fundamentals of Programming Interactivity, Creative Coding and hardware interfacing using the Kit. Hands on session will provide students to have the practical experience of Arduino kit with some projects to give the students better idea of using arduino.

CERTIFICATE PROGRAM CONTENTS

- Arduino jargon and terms
- Arduino Basics
- Arduino Architecture
- Arduino board layout.
- The resources available to Arduino

Who can Attend

UG, PG Students

Important Dates

Early bird Registration: 14-03-2018

Late Registration: 17-03-2018

About College

Nagole Institute of Technology and Science has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at NITS is unique; studying here opens a door to a world of opportunities. The college has well-designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

Our vision is to be one of the nations premier educational institution by achieving the highest order of excellence in teaching and research.

Mission

To serve the state, the nation and the world by producing talented, broadly educated engineers.

To impart quality technical education for students coming from both rural and urban areas.

To strive for student's achievements and success, preparing them for life and leadership.

To enable the students develop their personality to meet the challenges in global environment.
