About College

Nagole Institute of Technology and Science has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at NITS is unique; studying here opens a door to a world of opportunities. The college has well-designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

Our vision is to be one of the nations premier educational institution by achieving the highest order of excellence in teaching and research.

Mission

To serve the state, the nation and the world by producing talented, broadly educated engineers.
To impart quality technical education for students coming from both rural and urban areas.
To strive for student's achievements and success, preparing them for life and leadership.
To enable the students develop their personality to meet the challenges in global environment.

ABOUT DEPARTMENT

Vision

Mechanical Engineering On the trail of an admirable vision relaying on the power of technology. Striving for "Leading Edge", setting standards of excellence yet focused on adding quality to human life. We expand the reach of technology and information through innovation and invention.

Mission

Department mission is to create an innovative and knowledge-based society through concurrent teaching practices in mechanical engineering. Its highly qualified and experienced faculty and staff work with dedication and motivation. The department keeps in mind the ever changing challenges of modern day industry and its commitment to produce knowledgeable and responsible mechanical engineers fully aware of the tasks ahead.

About The Program

The fundamentals of vehicle dynamics—a quick review of definitions and terminology to avoid any confusion due to different automotive cultures or habits. Then you'll move onto tires and discuss why and how much the grip, balance, and performance of a car is decided by the contact patch forces and deflections. Tires are the only elements of your racecar in contact with the ground, and as such, it is vital to understand why and how much the grip, balance, and performance of a car is decided by the contact patch forces and deflections.

CERTIFICATE PROGRAM CONTENTS

- Introduction to Automobile
- Vehicles Chassis Design
- Steering system
- Braking Unit
- Suspension Unit
- Electrical Unit
- Transmission
- Fabrication
- Cost Analysis

OUT COME OF THE PROGRAM

One week Certificate program on “ Vehicle Dynamics ”

From: 09-10-2017 to 13-10-2017

- Be familiar with the terminology of road vehicle dynamics, stability and handling.
- Be able to analyse the dynamics of road vehicles.
- Understand the principles of impact phenomena and the measurement of impacts.
- Understand the techniques used to engineer safety in to vehicles.
- Understand the effects of impact on the human body..
- Understand the regulation of vehicle safety.
- Understand automotive safety in the broader context of transportation safety.
- Understand the evaluation of vehicle safety using crash data
