## ABOUT COLLEGE:

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at NITS is unique; studying here opens a door to a world of opportunities. The college has well-designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

### Vision:

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

### Mission:

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative initiatives.

To empower the student community by developing creativity and innovation.

## ABOUT DEPARTMENT

### Vision

The vision of the CIVIL Engineering Department is to provide education for those students who are able to compete internationally, able to produce creative solutions to the society's needs, conscious to the universal moral values, adherent to the professional ethical code, and to generate and disseminate knowledge and technologies essential to the local and global needs in the field of Civil engineering

### Mission

The mission of the CIVIL Engineering Department is to give the nation qualitative Civil Engineers, who can contribute for the construction of a better world with sophisticated infrastructural facilities, eco friendly houses, modern transportation facilities with a pollution free environment and to protect the precious natural resources of this planet. To mould the students into good entrepreneurs and to promote self confidence and all-round development of the student personality through special lectures, practical training programs, field visits and technical seminars. To generate a knowledge base through sustained research and developmental efforts. To promote faculty development programs for updating knowledge and improving their overall professional competence and caliber

### About The Program

During this period students were able to understand what construction technology is and what are the design tools that are using are in present technology. Students were able to get knowledge about the innovative design courses.

### ONE WEEK WORKSHOP ON TOTAL STATION AND GPS

From: 13-04-2020 to 18-04-2020

#### CURRICULUM OF THE PROGRAM

- Introduction on Total Station instrument
- Basic operational procedure on Total Station instruments of different types
- Application of Total Station instruments in civil constructions.
- Missing line Measurement, Area determination, Remote elevation measurement, Remote distance measurement & Stake out etc.,
- Setting out of a Simple, Compound & Reverse curves, providing alignment of a road, pipe line & tunnel, longitudinal profile, cross section profile & contouring using total station instrument.
- Data transformation & Various software packages for plotting process.
- Data Processing
- Applications
- Study of hand held GPS
- Measurement of latitude, longitude and altitude using hand held GPS
- Selection and marking of routes using hand held GPS

### ONE WEEK WORKSHOP ON TOTAL STATION AND GPS

From:13-04-2020 to 18-04-2020

#### OUTCOME OF THE PROGRAM

- Have product and theoretical knowledge of using a Total station
- Understand how to set up a Total station correctly.
- Describe the functions and uses of the Total station
- Gain an understanding of measurement of angles, vertical and horizontally.
- Describe use of correct surveying terminology when using a total station
- Demonstrate how to use the Total station in a practical situation.
- Summarize the basic principles of GPS and GIS in civil engineering.
