## ABOUT DEPARTMENT

### Vision

The vision of the ECE Department is to become a nationally and internationally leading department of higher learning, building upon the culture and the values of universal science and contemporary education and a center of research and education generating the knowledge and the technologies which lay the groundwork in shaping the future in the fields of Electronics and Communication engineering

### Mission

The mission of the ECE Department is to provide education for those students who are able to compete internationally, able to produce creative solutions to the society's needs, conscious to the universal moral values, adherent to the professional ethical code and to generate and disseminate knowledge and technologies essential to the local and global needs in the field of electronics and communication engineering.

### About The Program

Python is a computer programming language often used to build websites and software, automate tasks, and conduct data analysis. Python is a general-purpose language, meaning it can be used to create a variety of different programs and isn't specialized for any specific problems. Python can build a wide range of different data visualizations, like line and bar graphs, pie charts, histograms, and 3D plots. Python also has a number of libraries that enable coders to write programs for data analysis and machine learning more quickly and efficiently, like Tensor Flow and Keras.

## CERTIFICATE PROGRAM CONTENTS

- Different data structures in python
- Valid types of keys in dictionary and their properties.
- Difference between arrays and list in python.
- Python Comments, Python Variables and Python Data Types.
- Memory management in python and Local vs global variables.
- Exception handling and Multithreading.
- Python
- Comments, Python Variables and Python Data Types.

### Who can Attend

UG, PG Students

### Important Dates

Early bird Registration: 20-08-2019

Late Registration: 25-08-2019

Confirmation Registration: 25-08-2019

On spot registration will not be entertained as the Number of participants is limited

## About College

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at PEC is unique; studying here opens a door to a world of opportunities. The college has well designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

## Vision

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

## Mission

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative Initiatives.

To empower the student community by developing creativity and innovation
