DEPARTMENT OF ELECTRICAL & ELECTRONICS ENGINEERING

Ref No. PEC/EEE/March/2020

Date: 14/03/2020

CIRCULAR

This is to inform that all B.Tech II /III year, IV year EEE students are here by
Informed that we are going to conduct One week Certificate Program on “Maintenance
Of Electrical Machines” From March 16th to March 21st so register yourself for the
Upcoming Program.

About College

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at PEC is unique; studying here opens a door to a world of opportunities. The college has well designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

Mission

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative initiatives.

To empower the student community by developing creativity and innovation

ABOUT DEPARTMENT

Vision

Training the students to become well disciplined and knowledgeable in the field of Electrical & Electronics Engineering

Mission

Department mission is to make innovative thinking engineers and to produce skilled Electrical engineers. The department of Electrical & Electrical Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

About The Program

In this workshop the student can learn the machine and he understand the working and construction of a machine it helps the student to understand the losses and identify the fault location and losses occurred in the dc and ac machines. It helps to know the nature of a machine with its characteristics.

CERTIFICATE PROGRAM CONTENTS

Introduction to a machine
Introduction to dc machines
Introduction to ac machines
Introduction to the working of dc machines
Working of ac machines
Losses occurred in dc machines
Losses occurred in ac machines
Parallel operation of machines
Protection of machines
Erection of machines
Fault location and identification
Load condition of machines

Who can Attend

UG & PG Students

Important Dates

Early bird Registration: 13-03-2020

Late Registration: 16-03-2020

Confirmation Registration: 16-03-2020

On spot registration will not be entertained as the Number of participants is limited
