About College

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at PEC is unique; studying here opens a door to a world of opportunities. The college has welldesigned, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

Mission

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative Initiatives.

To empower the student community by developing creativity and innovation

ABOUT DEPARTMENT

Vision

Training the students to become well-disciplined and knowledgeable in the field of Computer Science and Engineering

Mission

Department mission is to become pioneer in higher learning and research and to produce creative solutions to societal needs. To provide excellence in education, research, public service .The department has full fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences

About The Program

The one week certificate program on Data Science and Deep Learning. The students acquired knowledge about Data Science and Deep Learning, The contents of the program were Introduction to Data Science and Deep Learning, Introduction to Data/Business Analytics, Python for Data Science, Big Data and its Challenges, Introduction to hadoop Ecosystem Components, Machine Learning, Deep Learning, Research Topics and Industrial applications in Data Science and Deep Learning. Emphasize is given on Hands-on Sessions using open-source tools and techniques such as Python, R Studio, Weka and Hadoop.
