About College

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at PEC is unique; studying here opens a door to a world of opportunities. The college has well designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

Mission

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative Initiatives.

To empower the student community by developing creativity and innovation

ABOUT DEPARTMENT

Vision

The vision of the ECE Department is to become a nationally and internationally leading department of higher learning, building upon the culture and the values of universal science and contemporary education and a center of research and education generating the knowledge and the technologies which lay the groundwork in shaping the future in the fields of Electronics and Communication engineering

Mission

The mission of the ECE Department is to provide education for those students who are able to compete internationally, able to produce creative solutions to the society's needs, conscious to the universal moral values, adherent to the professional ethical code and to generate and disseminate knowledge and technologies essential to the local and global needs in the field of electronics and communication engineering.

About The Program

This Artificial Intelligence(AI) advanced course led by the Pallavi Engineering College, Hyderabad, faculty at helping you master all the basic and advanced level skills that are crucial in the field of Artificial Intelligence. Stay ahead in technology with this Under Graduate & Post Graduate Program in AI. These AI Learning certification courses are designed to produce the best outcomes through Simplilearn's intensive Bootcamp learning model.

CERTIFICATE PROGRAM CONTENTS

- Provide introduction to Artificial Intelligence(AI)
- Exposure to various sub-fields and technology stacks of AI
- Enable people to convert their AI product idea into a working prototype
- Provide thorough working knowledge
- Bring-up entrepreneurs and innovators by supporting them with investment and mentorship
