ABOUT THE INSTITUTION

Pallavi engineering college (NITS) established in the year 2009 under the Aegis of Potla Shanthi Educational Society, is dedicated to studies in Engineering discipline with supporting educational environment. The society aspires to provide quality technical education with global standards. NITS is founded by a group of academicians and industrialists who are known for achieving result in their respective field. The management aims at exploring the new ways to motivate learners, make use of new learning styles, introduce multiple intelligent practices and integrate learning. The institution encourages innovative thinking that makes teaching and learning exciting and effective. PEC has the unique advantage of being located in the heart of the city. It is situated 5kms from Nagole X road and 3kms from Hayathnagar. It is free from pollution and the hustle and bustle of the city.

ABOUT THE DEPARTMENT

The Humanities and Sciences was established in the year 2009 to cater the needs of the students. Excellent and dedicated faculty adding to its strength. The department has large and spacious laboratories with a congenial ratio of student to equipment. They get to work, hands-on and get real-time experience under the guidance of the highly accomplished faculty. The department aims to achieve higher levels of glory in the years to come. The students acquire interpersonal and communication skills from the Science & Humanities Association and promote their professional skills through societies.

	<p>The Department of H&S has conducted One week Certificate Program on "SOFT COMPUTING TECHNIQUES ON MICROSOFT EXCEL". The Resource Person is Dr. B. CHUNCHURE.</p> <p>Microsoft Excel is a powerful tool to work on vast amounts of data. It works for simple calculations and tracking almost any kind of information. The key for unlocking all that potential is the grid of cells. Cells can contain numbers, text, or formulas. Input data into the cells in rows and columns allows you to perform many complex mathematical calculations. One can add up data, sort and filter it, put it in tables, and build great-looking charts.</p>
