About College

Pallavi Engineering College has a sprawling campus and is well connected by road and easily accessible by both college and RTC buses. It has the unique advantage of being located in the heart of the city. It is situated 5 km from Nagole cross roads and 3 km from Hayathnagar. It is free from pollution and the hustle and bustle of the city. The experience at PEC is unique; studying here opens a door to a world of opportunities. The college has well designed, adequately furnished, ventilated and spacious classrooms. All the laboratories of Engineering and Sciences are well equipped with latest and sophisticated gadgets.

Vision

To emerge as a global leader in imparting quality technical education emphasizing ethical values for the betterment of the society.

Mission

To create an excellent teaching learning environment and inculcate the aptitude for research.

To establish centers of excellence through collaborative initiatives.

To empower the student community by developing creativity and innovation

ABOUT DEPARTMENT

Vision

Training the students to become well disciplined and knowledgeable in the field of Electrical & Electronics Engineering

Mission

Department mission is to make innovative thinking engineers and to produce skilled Electrical engineers. The department of Electrical & Electrical Engineering has progressed with a strong determination to developing competent programs, uncompromising in standards. The department has full fledged faculty members with experience in industry and teaching, which leads the students to get employment in the market. The department encourages the faculty members and the students to participate paper presentations, seminars, workshops and National and International conferences.

About The Program

It is a work shop conducted for the students to know the iot by using internet things arduino micro controller technology is used for irrigation system when the condition of the soil is dried up the current will not flow through it then it is open circuit when it is soaked the flow of current passed pass from one terminal to other wit iotthere fore output will zero.

CERTIFICATE PROGRAM CONTENTS

- Introduction to smart irregation
- Introduction to iot on smart irregation
- Introduction to internet od thins
- Introduction to UNO board
- Working of iot smart irregation
- Soil moisture sensor
- Wifi module ESP8266 iot

Who can Attend

UG & PG Students
