9	Dr DV Ramana	Professor	Member	
10	Dr T GK Vasista	Professor	Member	

### Agenda:

1. Approval of minutes of meeting held on 20 April, 2022
2. Submission of course files
3. Research proposals.
4. Discussion on budget.
5. Academic audit
6. NBA SAR status
7. Preparation of Institutional Information for Quality Assessment (IIQA)

Chairperson greeted the members of IQAC for the quarterly meeting held on 12 October, 2022.

Chairperson initiated discussion on the following items of agenda.

# PALLAVI ENGINEERING COLLEGE

(Approved by the AICTE, New Delhi and affiliated to JNTU, Hyderabad)

Kuntloor (V), Hayathnagar (M), Hyderabad, R.R. Dist. - 501 505.

The minutes of the last meeting was approved by the members.

**Item No.1** IQAC coordinator requested to all HODs to submit course files in Latex. Further, IQAC coordinator suggested uploading the files in Learning Management System(LMS)

**Item No.2** IAQC coordinator suggested Dean, Research and Development to take necessary actions for improving research grants from various funding agencies (UGC, MHRD, AICTE and DST).

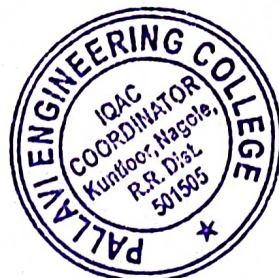

**Item No.3** Chairperson discussed on budget utilization for 2021-2022. Chairperson requested all HODs to submit budget proposals for academic year 2022-2023 within stipulated time.

**Item No.4** Internal academic audit was conducted across all the departments with internal audit team. HODs take necessary actions on recommendations given by the internal audit team.

**Item No.5** SAR presented by HODs were reviewed and suggestions given for further improvement  
Chairperson suggested to IQAC coordinator for preparation of Institutional Information for Quality Assessment (IIQA) for NAAC second cycle.

Chairperson concluded thanking all the members for their active participation in the discussion.

## Internal Quality Assurance Centre (IQAC)

### ACTION TAKEN REPORT

2020-2021

The action taken report is prepared by Internal Quality Assurance Centre (IQAC) based on IQAC meetings held quarterly. Appropriate action was taken on recommendations of the meetings.

S.NO	IQAC Meeting Recommendations	Action Taken
1.	Academic calendar for the academic year 2020-2021.	Academic calendar 2020-2021 was approved and implemented by the chairperson for all UG programmes
2.	Implementation of UG 20 regulations	Academic council approved UG 20 regulations.
3.	Inclusion of four new UG programmes in Computer Science and Information Technology	Successfully four new UG programs in Computer Science and Information Technology were included * Computer Science and Engineering (Data Science) * Computer Science and Engineering (Cyber Security)
4.	Conduction of class work virtually and procurement of learning management system	Successfully schedule was prepared and classes were conducted as per schedule by procuring ZOOM software.
5.	Organization of webinars, FDPs and seminars on latest trends in engineering and management	All the departments successfully organized webinars, FDPs and seminars on latest trends in engineering and management.
6.	Faculty members are encouraged to register courses in Swayam/Nptel and Coursera to enhance their knowledge pandemic	Most of the faculty members registered and completed courses in Swayam/Nptel and Coursera and during the pandemic
7.	Recruitment of new faculty in order to maintain faculty-student ratio (FSR) for academic year 2020-2021	Faculties were recruited as per AICTE guidelines.

# PALLAVI ENGINEERING COLLEGE

(Approved by AICTE, New Delhi & Affiliated to JNTU, Hyderabad)  
ISO 9001: 2015 & ISO 14001: 2015 Certified Institution  
Nagole, R.R. District, Hyderabad-501505, Telangana

8.	Implementation of Career Advancement Scheme (CAS) for academic year 2020-2021.	Faculty members were promoted as per (CAS) guidelines for the academic year 2020-2021.
9.	Collaborations and exchange programs with premier institutions for the academic year 2020-2021	Activities were conducted under collaborations and exchange programs with premier institutions.
10.	Planning of NSS Activities	NSS coordinator conducted many activities like, <ul style="list-style-type: none"><li>• Blood donation</li><li>• Haritha haram</li><li>• Health checkup</li><li>• Face shield distribution drive</li><li>• Groceries distribution drive</li></ul>
11.	Chairperson suggested conducting training classes on communication skill and aptitude for B.Tech III year students. It is resolved to conduct placement pre-assessment tests for final year students.	Placement coordinator prepared a schedule and successfully conducted training classes on communication skill and aptitude. It is evident from placement statistics of 2020-2021 that most of the students got placed in reputed MNCs.
12.	Annual performance of Institute	Annual performance of Institute was reviewed and found to be satisfactory.
13.	Enhancement of Teaching learning activities with combination of ICT tools.	Teaching learning with combination of ICT tools and various pedagogies were implemented.
14.	Conduction of orientation day	Orientation day was successfully conducted on 30 November 2020
15.	Conductions of examinations through Online Test	Successfully examinations were conducted through Online Test in view of covid pandemic
16.	Review on NAAC criteria.	NAAC criteria reviewed and suggestions were made.
17.	Attainment of course outcomes, program outcomes and program specific outcomes.	Attainment of course outcomes, program outcomes and program specific outcomes for academic year 2020-2021 were completed and are found to be in line with graduate outcomes.
18.	Placements statistics 2019-2020	Placement coordinator presented

# PALLAVI ENGINEERING COLLEGE

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders - Students by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 1: Student feedback and action taken:**

S. no	Feedback	Action Taken
1	Modern content delivery methods should be used.	All the class rooms are equipped with ICT tools with faculty ensuring maximum use of it.
2	Students should be provided with course related information well advance before the commencement of the classes.	Students are provided with Course Description, in Course Overview, Course Outcomes and mapping of COs with POs at the beginning of the class work and all the course instructional material is shared with the students through Google form.
3	Professional society activities to be conducted.	Students were made members of various professional societies like ISTE, IETE, IEEE, CSI and etc. Various activities and invited talks were conducted under these professional societies. All the events are recorded in the respective Departments.
4	More practical orientation in TLP.	More emphasis is given to introduce practice Oriented TLP and the students are encouraged to pursue course-end projects.
5	Exposure to experiential learning.	Introduction of min-projects, major projects and internships, field projects and field visits.
6	Few learners wanted more provision to be made for self- learning.	Library and Laboratories kept open for learners to use beyond contact hours. Facilitated peer learning opportunities by allowing them to use institutes resources beyond contact hours.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders – Teachers by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 2: Teachers feedback and action taken**

S.No	Feedback	Action Taken
1	Use of Social Learning Platform	LMS-MOOCs, Clubs
2	Internship must be encouraged	Through department and T&P Cell, the students were sending to industries, defense laboratories to carry out their mini and Major projects.
3	Industrial Visit Must be arranged	Industrial visits organized for all Departments.
4	Hands on training for different simulation software must be included.	Workshops on MATLAB, NS2, R, Python, Qualnet, Scilab etc.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders – Alumni by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 3: Alumni feedback and action taken.**

S.No	Feedback	Action Taken
1	More courses with Laboratory experience to be added which can give them more Practical Experience helping them to sustain in the industry.	New curriculum from academic year 2021-2022 consists of integrated courses (theory and practice together). This helps in an increased practical orientation of the course and further it helps understand concepts with practical exposure.
2	Increased focus on soft skills training and courses with credit on soft skills can be of great help.	Courses on soft skill training, business communication skills, Quantitative Aptitude, Logical Reasoning and Verbal Ability are introduced in the new curriculum with effect from 2021-2022
3	Latest technologies to be taught in third year of their program	Inclusion of new technologies in form of elective courses (professional electives) emphasizing on modern tools, techniques and softwares.
4	Content delivery to be made concept based for long term learning which in turn can help them sustain in the industry with ease	Integrated courses with experiential learning, participative learning and problem solving approaches in form of various projects is introduced in all the years
5	Increase in number of Flipped classes to be conducted in a course.	Duly noted and implemented.
6	Increase in scope and facilities for self-learning.	More number of students are taking up NPTEL / SWAYAM / MOOCs courses, and undertaking projects.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders - Employers by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 4: Employer feedback and action taken.**

S.No.	Feedback	Action taken
1	Happy with student's Ethics, moral Values, professional attitude and Commitment towards work.	Duly noted and will ensure to continue to inculcate a better culture in students.
2	Students are very good at work individually and possess attributes for improvement in working as a team.	Duly noted and will ensure to sustain in training students to the expectations of the industry.
3	Students are very good at learning latest technologies however few of them are reluctant to adopt new ideas.	New courses related to latest technology are included in the curriculum and also focusing on orientation towards entrepreneurship and Innovations.
4	More exposure to inter disciplinary Projects can help graduates to adapt to industry culture.	Initiated establishment of makers space (Incubation Centre) with provision of infrastructure to carryout interdisciplinary projects.
5	Experience / Knowledge in software like Ansys, ProE, Catia, MATLAB, Python is sought for.	Value added courses are conducted to train students on latest technologies and software tools line Ansys, Labview, Matlab and etc.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders - Students by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 1: Student feedback and action taken:**

S. no	Feedback	Action Taken
1	Modern content delivery methods should be used.	All the class rooms are equipped with ICT tools with faculty ensuring maximum use of it.
2	Students should be provided with course related information well advance before the commencement of the classes.	Students are provided with Course Description, in Course Overview, Course Outcomes and mapping of COs with POs at the beginning of the class work and all the course instructional material is shared with the students through Google form.
3	Professional society activities to be conducted.	Students were made members of various professional societies like ISTE, IETE, IEEE, CSI and etc. Various activities and invited talks were conducted under these professional societies. All the events are recorded in the respective Departments.
4	More practical orientation in TLP.	More emphasis is given to introduce practice Oriented TLP and the students are encouraged to pursue course-end projects.
5	Exposure to experiential learning.	Introduction of min-projects, major projects and internships, field projects and field visits.
6	Few learners wanted more provision to be made for self- learning.	Library and Laboratories kept open for learners to use beyond contact hours. Facilitated peer learning opportunities by allowing them to use institutes resources beyond contact hours.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders – Alumni by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2021-2022.

The consolidated feedback and the action taken report are summarized as follows:

**Table 3: Alumni feedback and action taken.**

S.No	Feedback	Action Taken
1	More courses with Laboratory experience to be added which can give them more Practical Experience helping them to sustain in the industry.	New curriculum from academic year 2021-2022 consists of integrated courses (theory and practice together). This helps in an increased practical orientation of the course and further it helps understand concepts with practical exposure.
2	Increased focus on soft skills training and courses with credit on soft skills can be of great help.	Courses on soft skill training, business communication skills, Quantitative Aptitude, Logical Reasoning and Verbal Ability are introduced in the new curriculum with effect from 2021-2022
3	Latest technologies to be taught in third year of their program	Inclusion of new technologies in form of elective courses (professional electives) emphasizing on modern tools, techniques and softwares.
4	Content delivery to be made concept based for long term learning which in turn can help them sustain in the industry with ease	Integrated courses with experiential learning, participative learning and problem solving approaches in form of various projects is introduced in all the years
5	Increase in number of Flipped classes to be conducted in a course.	Duly noted and implemented.
6	Increase in scope and facilities for self-learning.	More number of students are taking up NPTEL / SWAYAM / MOOCs courses, and undertaking projects.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders – Teachers by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2019-2020.

The consolidated feedback and the action taken report are summarized as follows:

**Table 2: Teachers feedback and action taken**

S.No	Feedback	Action Taken
1	Use of Social Learning Platform	LMS-MOOCs, Clubs
2	Internship must be encouraged	Through department and T&P Cell, the students were sending to industries, defense laboratories to carry out their mini and Major projects.
3	Industrial Visit Must be arranged	Industrial visits organized for all Departments.
4	Hands on training for different simulation software must be included.	Workshops on MATLAB, NS2, R, Python, Qualnet, Scilab etc.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders – Alumni by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2019-2020.

The consolidated feedback and the action taken report are summarized as follows:

**Table 3: Alumni feedback and action taken.**

S.No	Feedback	Action Taken
1	More courses with Laboratory experience to be added which can give them more Practical Experience helping them to sustain in the industry.	New curriculum from academic year 2021-2022 consists of integrated courses (theory and practice together). This helps in an increased practical orientation of the course and further it helps understand concepts with practical exposure.
2	Increased focus on soft skills training and courses with credit on soft skills can be of great help.	Courses on soft skill training, business communication skills, Quantitative Aptitude, Logical Reasoning and Verbal Ability are introduced in the new curriculum with effect from 2019-2020
3	Latest technologies to be taught in third year of their program	Inclusion of new technologies in form of elective courses (professional electives) emphasizing on modern tools, techniques and software's
4	Content delivery to be made concept based for long term learning which in turn can help them sustain in the industry with ease	Integrated courses with experiential learning, participative learning and problem solving approaches in form of various projects is introduced in all the years
5	Increase in number of Flipped classes to be conducted in a course.	Duly noted and implemented.
6	Increase in scope and facilities for self-learning.	More number of students are taking up NPTEL / SWAYAM / MOOCs courses, and undertaking projects.

## Feedback Report and Action taken Report on Curriculum

The feedback is collected from all the stakeholders - Employers by all the Departments independently. The respective Department Academic committee reviewed the feedback and after deliberations, the committee has prepared a report and submitted. To incorporate the possible suggestions to revise the curriculum. The Program Academic Council in turn has approved the curriculum for the academic year 2019-2020.

The consolidated feedback and the action taken report are summarized as follows:

**Table 4: Employer feedback and action taken.**

S.No.	Feedback	Action taken
1	Happy with student's Ethics, moral Values, professional attitude and commitment towards work.	Duly noted and will ensure to continue to inculcate a better culture in students.
2	Students are very good at work individually and possess attributes for improvement in working as a team.	Duly noted and will ensure to sustain in training students to the expectations of the industry.
3	Students are very good at learning latest technologies however few of them are reluctant to adopt new ideas.	New courses related to latest technology are included in the curriculum and also focusing on orientation towards entrepreneurship and Innovations.
4	More exposure to inter disciplinary Projects can help graduates to adapt to industry culture.	Initiated establishment of makers space(Incubation Centre) with provision of infrastructure to carryout interdisciplinary projects.
5	Experience / Knowledge in software like Ansys, ProE, Catia, MATLAB, Python is sought for.	Value added courses are conducted to train students on latest technologies and software tools line Ansys, Labview, Matlab and etc.
